The walled Memorial Gardens were designed specifically for the placement of cremated remains.

The gardens situated within Spennymoor Cemetery provide a peaceful environment within the Cemetery for a quiet contemplation.

Many families see the Memorial Gardens as being their tranquil place of positive thought and meaning, a place to share one's feelings and emotions and to remember and reflect.

WHAT THE MEMORIAL GARDEN OFFERS

Choice of Memorial

The garden offers two types of memorials for families:

A wall mounted plaque may be purchased to commemorate a person whose ashes have been interred into the Memorial Garden or those that have been scattered elsewhere.

Vase blocks with memorial plaques are also available.

The memorials are available to lease for a period of ten years and are renewable after ten years if required.

Memorial Plots

Each memorial plot can be used for at least four interments.
